

BIO MATRIX

Collagen Fiber Face & Full Eye Masks

Collagen, an essential building block of life, has formed the basis for the reconstitution of a structure very similar to human skin. The result, a biomatrix produced by the gentle process of freeze-drying, is already being used successfully in the field of medicine, for example as a hemostyptic. Due to the exceptional hydration properties and the interesting form of the product, this biomatrix has also become attractive for use in cosmetic as **BioMatrix of Germany - Collagen Fiber Mask**.

BioMatrix of Germany - Collagen Fiber Mask, a minutely-pored biomatrix made from collagen of extreme purity. A mask with exceptional hydration properties and an impressive anti-irritation effect. Suitable for every skin type and condition. Especially for dry, sensitive, mature and atrophied skin.

After only one application the condition of dry skin is noticeably improved. Skin irritations are calmed and soothed and wrinkle depth markedly reduced. **BioMatrix of Germany - Collagen Fiber Mask** contains neither preservatives, chemical cross-linking agents nor perfume additives. All **BioMatrix** Collagen Fiber Masks are dermatologically tested, ISO9002 certified and sold in individually sealed packaging. There are eight stock items with special active ingredients for different skin types.

Type	Benefit	Skin Type	Color
Revitalizing Full Eye Mask	Improves the wrinkle profile, diminish dark circles and puffiness and any signs of fatigue; refreshes the eye area, immediately smoothing, relaxing, and decongesting the eye contours, leaving the eyes youthful and sparkling	All	White
Pure	Hydrating, anti-irritant, soothes itching	Dry, sensitive	White
Aloe Vera	Hydrating, anti-inflammatory, calming, supports the regeneration of damaged skin (e.g. caused by UV exposure or depilation)	Oily, acne	Green
Ginkgo Biloba	Anti-aging, fights free radicals, supports the blood flow and stimulates oxygen consumption, vitalizes and strengthens the epidermis	Couperose, mature	Pink
Wheat Protein	Improves the face brightness and suppleness, decreases the wrinkle profile; smoothes and tightens the skin significantly	Wrinkle,slack	White
Caviar Extract	Supports the renewal of cells by stimulating the blood flow, protecting against free radicals and reinforcing the skin's natural defences. Providing instant radiance, a natural glow and incomparable freshness	Lifeless, signs of premature aging	White
Whitening (Rovisome)	Rovisome contains a combination of two tyrosinase inhibitors (Aloesin & Arbutin) which effectively prevents excessive pigmentation and bleaches age-related spots. If used regularly, freckles, pigment disorders, brown or age spots are fades with a fresh and bright skin condition	Pigmentation, freckles, age spots	White
Botox-Like Skin Relax (Myoxinol)	Myoxinol extracted from hibiscus seed which is highly effective in combating free radicals, relaxes the facial features and smoothes the expression lines	Expression lines	White
